

Installation Instructions

Ford Ranger (2022+)

STEP

INSTRUCTION

- 1** Loosen and set aside dash piece from the underside of display unit. Then remove 2 x screws.

- 2** Loosen and remove large dash panel, then remove screws.

- 3 Remove dash piece as indicated. Once removed, install blue clips on each of the male connectors as shown, then set aside.

- 4 Loosen driver side dash piece as shown, then remove 2 x dash screws per side. Remove dash piece.

- 5 Using a sharp blade, carefully trim the indicated internal plastic rib as shown. Repeat for the other side.

- 6 Install lower bracket on the underside of the display unit, fix into place using 2 x screw locations.

- 7 Install side brackets on either side of the display, then return driver side dash piece.

- 8 Return all dash components and screws to their original state.

9

Install front bracket using 4 x mounting points.

Enjoy your new InDash Mount!
