

## Installation Instructions

Volkswagen Tiguan (2016+)

Step

Instructions

- 1 Loosen entire air vent unit, remove cable, and gently place away from the rest of the dash area.

**2**

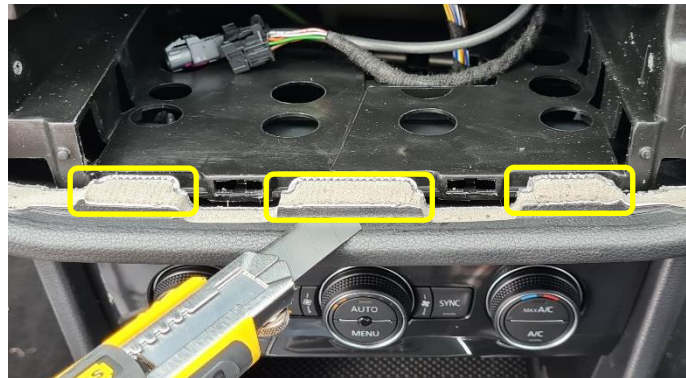

Loosen plastic covering around the screen.

Activate 4 x metal lever to the side, then remove screen unit and attached cables.

**3**

Using a sharp blade, carefully trim away these 3 x foam tabs.

**4**

Place bracket as shown and use 4 x supplied screws as shown.

5

Replace all previously removed parts and cables.

6

Loosen plastic trimming around the AC controls.

Remove 4 x push buttons and set aside AC unit.

7

Remove 1 x screw as indicated.

Place bracket as shown, and fix into place with previously removed 1 x screw.

8

Secure the bracket further by using 1 x provided screw as shown.

- 9 Using a sharp blade, carefully trim away 3mm of the inner plastic material in indicated areas.

- 10 Replace AC unit along with 4 x push buttons and plastic trimming.

- 11 Install front bracket using 5 x countersunk screws provided.

Enjoy your new In Dash Mount!
